## 2 August 2020

*Holy, there is no one like You, There is none beside You  
Open up my eyes in wonder. Show me who You are  
And fill me with Your heart,  
And lead me in Your love to those around me.*

Last week we sang these words in church. I think it is a lovely picture of how mainly music operates. As we see who God is, we share outwards. And there are many of us who do so.

I count over 20 Christians who are able to show God's love through their involvement in our mainly music. I like to think that it is a safe space, a training ground, for us to use our God-given abilities and develop them in a Christian setting so it then is easy and natural to use these skills in a wider community.

I say that in my newly designated role of "trainer"! Although I have left Thursday and Tuesday mornings for full time employment I am taking with me skills and attitudes honed in 16 years of mainly music involvement. But I am still here and just as Jan has been guiding me and supporting mm for many years, so too I am available to support the next wave of people growing in leadership.

And so, thinking in trainer mode – I ask each of us where we are safely able to learn and grow and develop our gifts and abilities, and where we are challenged to put them in to practice?

Ultimately knowing that in all these ways we can ask God to show us who He is and how we may help others to see Him too.

The Covid-19 virus stopped us distributing the NZBMS self-denial receptacle this year, but we have them **available now**. Each one is hand made. The Receptacle is a small bamboo basket that has been hand woven by older villagers in Thailand. Bamboo baskets are a very common sight in everyday village life and serve as a multipurpose container. Larger baskets are often used to bring groceries home from the market, as lunchboxes for those working in the rice paddies, and as baskets for freshly-picked vegetables from the garden, or mushrooms from the forest. We hope you love your bamboo basket just as much as we do! We encourage you to place it somewhere that will remind you to pray for those in the village who have woven it together, and for those across Asia who are yet to know the love and grace of Jesus Christ.

A huge part of parenting is explaining the world to our children, you have been doing this for years. Children also need to know how to see how God and faith fit in too.

Try this:

'Ask your child 'why do you think God made family?' Listen to their answer then share your thoughts, "I'm really glad He did because..."

**Update from NZBMS**

**Bangladesh FD6 application**

- Thank you for your many months of prayers for our FD6 application in Bangladesh. The FD6 is a registration of our activities in Bangladesh for the next five years. July 27th the application was submitted to the authorities.
- Please pray for the smooth processing of the application.
- Pray Tsao, Ross and the team, will find time to rest after months of hard work and preparation.

Pray for God's hand and favour over the officers who will be processing the application.

**Pray for Frances in East Asia**

One of our businesses in East Asia needs to find a new 'legal representative'. This is an important, legally required, role in the business and selecting the right person is critical. Please ask for wisdom for Frances (one of our local associates) as she leads this process.

**Pray for those affected by the South Asia floods**

- Floods in India, Bangladesh, Indonesia and Nepal have resulted in nearly 200 people reported dead and more than 4 million people displaced. We are thankful that our people and ministries have not been impacted by these floods.
- Pray comfort for those who have been displaced, or are experiencing loss.
- Pray rescue teams and authorities will have wisdom as they deal with the challenges of Coronavirus while assisting the affected.
- Pray for the provision of resources to meet the need.

**Thank you for your prayers!**
