Jesus looked at him and loved him...Mark 10:21

One of my favourite scenes in the bible is where the rich young man came to Jesus, asking what he must do to inherit eternal life. Jesus reminded him of the 10 commandments, to which the young man replied that he had kept these since he was a boy.

Jesus knew that he was sincere and that he loved the Lord. Even though the man could still give more, Jesus loved him where he was. Jesus knew that there were still things that the young man had to learn but He still loved him because of his purity of heart.

I find this comforting, in that even though there are things in my life that I may not be aware of, that I haven't yet achieved, I am still loved and cherished by God. He is with us as we travel along life's path. He can see our hearts and knows our sincerity.

He loves us.

Therefore, God elevated Him to the place of highest honour and gave him the name above all other names, that at the name of Jesus every knee should bow, in heaven and on earth and under the earth, and every tongue declare that Jesus Christ is Lord, to the glory of God the Father. A huge part of parenting is explaining the world to our children, you have been doing this for years. Children also need to know how to see how God and faith fit in too.

Try this:

Debrief with your kids about how you felt when you first heard about COVID and how God has helped you since.

A letter from Aniu Sunfang,
who is one of our Scholarship students
in China.

Dear N.Z. Families,

Greetings to you all. Thank you very much for helping me. I am from a little remote village. My parents got divorced and my mother married again, my father went to another place and died in an accident. I have two brothers and we have always lived with my grandparents until my grandfather passed away. As we study in different places, my grandmother stays at home alone.

Thank you all for helping me for such a long time. I graduated from the secondary specialized school now, and for the reason of my family and myself, I gave up college and started to work.

Thankyou for sending out your helping hands when the poor kids like me are suffering and sad, and helping us out with difficulties you brought warmness into our hearts.

In the days coming, I will work hard and be diligent and thrifty. And repay the ones who helped me in my difficulties with my achievements. I will pass on the love I got, to others who need help.

Please accept my sincere gratitude. May you kind people be at peace for all your lives.

Thanks!

Aniu Sunfang
