'There are different kinds of work to be done for Him. But the work is for the same Lord. There are different ways of doing His work. But it is the same God who uses all these ways in all people. The Holy Spirit works in each person in one way or another for the good of all.' 1 Corinthians 12:4-7

Dear Taupo Baptist Church Family. Please read the above scripture, it is a true and accurate description of you. You are the embodiment and the outworking of this scripture. Recently we have made changes to our Sunday service. We are now serving coffee and muffins before the service. We know it is hard to get out of bed on these winter mornings and things seem to come unstuck just as you are about to get out the door so come early and be refreshed in the warm café. We have introduced a coffee trolley inside the auditorium. The Worship team now blend the music with a scripture and reflection that enhances our worship and prepares us to hear the message with open hearts with all that God has for us.

Every week there are visitors at the Sunday service and they probably don't know much about us or what happens in our service. Every week you talk to them, you invite them home for lunch. Your welcome is so important.

These are a few examples of the different ways you are doing the Lord's work. Your work makes a difference. It tells people they matter. You matter.

What is your gift/work? Talk to someone about it. Your gift will be a blessing.

Do you have ideas you would love to see happen at church? Talk to someone about it.

Remember the Holy Spirit works in each person in one way another for the good of all. That is you.

Ephesians 1:22-23

God put all things under Christ's feet and gave Him to the church as supreme Lord over all things. The church is Christ's body, the completion of Him who Himself completes all things everywhere.

A Mission situation that our church supports is the Qiliba

Scholarship students Adu Aomen, Ashua and Le Er that are supported by people in our fellowship.

These were primary school age students that had no way of having secondary education as they lived in the mountains in isolated rural areas in Liangshan, Sichuan Province, China.

They are teenagers now and Gary is really pleased with the progress that these students have made.

They have volunteered for the Breakfast club, the library, and the Let Love Light Life activities. The LLLL program is a social work program visiting remote villages and sharing their love with all the children and ultimately their parents. Since COVID Gary and Esther and their volunteers have been asked by the Government officials to go into even more isolated villages to teach health, personal hygiene, cleanliness, mask wearing etc. They are accepted in these areas as they have the backing of the local officials.

The money that we received in compensation from the Chinese Government for the NZCED Demonstration farm at Qiliba, is what helps to finance these projects. Gary and the volunteers teach the children songs that Gary and his friends have written in the local Yi Language, and they are able to share HIS love with all they meet.

There are photos on the back wall of these three students and the other children's programs.
